

# KASRO KONNECTIONS

WINTER  
2024

Are you all as excited as I am about receiving the onslaught of questions about the 1098-Ts? Ha-ha! I hope you are having a great new year so far! Our team of officers has really taken your suggestions from the previous conference to heart and we are gearing up to have a great Spring Workshop at the University of Louisville. I would like to give a shout out to the team for their hard work in organizing the agenda and guest speakers. As we need to add new officers to the group, I invite you to think about which position might best suit your strengths and put your name in the hat when the time comes. I believe we are all interested in keeping KASRO going strong, so please help us to spread the word to your colleagues. If you have not already, please make sure to pay your membership dues as soon as possible. Remember, the cost of your membership includes the Spring Workshop attendance and access to the KASRO ListServ to share information and ask questions of the entire group. This KASRO group has many years of experience and lots of knowledge to share with our colleagues.

Thank you all so much for your participation and enthusiasm! I look forward to seeing everyone soon in my hometown of Louisville!

Dawn Wibbels  
KASRO President
